

NEELEY FAMILY WENTZVILLE, MISSOURI

MARCH

It is Coming Together

We started the month of March by selling our house in Kentucky. Now we are in the process of getting a home in Missouri! The Lord is working it all out. Every step we take, He has already provided our needs. We went to Wentzville with plans to buy a house in the Westhaven subdivision, but on March 22 we signed a contract on having a house built in Liberty Manors in Foristell, MO.

Foristell is a town on the west border of Wentzville. They are in the Wentzville school district and are catching the overflow growth from Wentzville. The sign says the population is 505, but this subdivision is building 209 houses in the first phase of their building plans.

The picture with just Natalie and Dalton was taken on the walking trail in the neighborhood. The last picture is the lot we are purchasing. We will be the second house on this street. We are excited because we want to be there before everyone else moves in so we can welcome them to the neighborhood and introduce them to Jesus.

Just a few miles west of Wentzville and Foristell is another town called Wright City. Wright City is right across the county line. It is one of the towns we researched in our survey trips. There is currently a beef processing factory being built between these towns that will employ over a thousand people. The field is white and ready to harvest.

March 11-13, Holly Springs MBC gave me the opportunity to preach their spring revival services. We had a great time of fellowship. We were able to learn more about our sending church and build this relationship God has put before us. Thank you!

PRAYER REQUESTS

- Wentzville/Foristell
- Liberty Manor/ Our neighborhood
- Ministry opportunities
- Receptive hearts
- Gospel boldness

Churches Visited
