

MARCH NEWSLETTER

Dear Sister Churches,

What an **amazing month** March was! **Kim** kicked off the month by identifying with the Lord Jesus in **baptism**, and she is **telling everyone** who will listen about how **Jesus saved her**. She has become so bold in her testimony that she is **standing before crowds** and congregations. The **joy of the Lord** is evident all over her. In all of her Bible classes, she is **soaking up God's Word** like a sponge. **What a mighty God we serve!**

As a ministry, we have begun working in the community. The ladies **volunteer** at local businesses and many of these businesses are grateful and donate to the ministry. The ladies spend **20 hours in Bible/Addiction/Trauma studies** and **20 hours working** in the community. We stay busy here at WAR. We have also begun going to churches **doing deputation** work.

If your church would like to meet us in person and allow us to give a report of the ministry, we would love to come! We would like to give a big **THANK YOU** to the **First Union Association** for letting us come to your **mission rally** and presenting the work.

Organizationally, the ministry has parted ways with Tonya Goodell, and we have **promoted Kari Robertson** as **Chief Executive Officer of WAR**. Kari Robertson is a **native of Arkansas County**. She is a **registered Domestic Violence Advocate**. She is a **full time law student** at Phillips Community College and is expected to enroll at **UALR in the fall of 2025**. She has recently been **married** to a godly man, **Shane Robertson**.

The changes that have been made have not been setbacks but rather, **steps forward**. We have become **more proficient** and will lead to an **increase in the quality of care** to these ladies.

Thank you to all of the churches that have reached out and have begun to **financially support** this ministry. This ministry is a **massive undertaking**, thank you for **bearing the load with us**.

If you or someone you love needs this ministry, contact us. One of the **best things you can do** to help this ministry is **refer us** to the people you love that are **struggling with addiction**.
